RESEARCH INTERESTS

Urban microclimate · urban design · shrinking cities · climate gentrification · climate mobility · climate-trapped populations.

EDUCATION

Ph.D. in engineering, Interdisciplinary Program in Landscape Architecture (Landscape Architecture Major) 2019 — 2023
Graduate School of Environmental Studies, Seoul National University
- Dissertation: "Healthy cities: urban transformation and its effects"

M.S., Department of Landscape Architecture (Environmental Landscape Architecture Major) 2015 — 2018
Graduate School of Environmental Studies, Seoul National University
- Thesis: "The study of cyclists' gaze behavior in urban environment"

B.S., Landscape Architecture 2011 — 2015
College of Agriculture and Life Sciences, Kyungpook National University · [Graduation Project] SELFARE

RESEARCH EXPERIENCE

Postdoctoral Researcher Innovative Human Resource Development Education and Research Group for Smart City Global Convergence (BK21 FOUR), Seoul National University 2023 — Present

Visiting Researcher Environmental Planning Institute, Seoul National University 2023

FELLOWSHIPS & FUNDING

Competitive fellowships / scholarships (amounts converted at ₩1,400 = $1).

기후 젠트리피케이션: 기후 불평등의 공간화를 통해 바라본 기후불평등과 인권 위기, National Research Foundation of Korea (NRF) (PI) 2025 — 2027

노후 산업단지의 열적 쾌적성 개선을 위한 공간 모델 개발, National Research Foundation of Korea (NRF) (PI) 2024 — 2027

쇠퇴도시 내 유휴공터를 활용한 기후 위기 대응형 공간 모델 개발, National Research Foundation of Korea (NRF) (PI) 2023 — 2024

Fund for Short-term visiting scholar, Korea Foundation for Women In Science, Engineering and Technology (WISET) 2024 — 2024

Scholarship, Brain Korea 21 (BK21) FOUR 2020 — 2023

Scholarship, 3rd Brain Korea 21 (BK21) 2019 — 2020

Scholarship for academic excellence, SNU GSES 2016

University Scholarship for Academic Excellence and Achievement, Seoul National University 2016

University Scholarship for Academic Excellence and Achievement, Kyungpook National University 2011

INVITED TALKS

- **Gukhwa Jang** (2025). Lecture in **자원순환형 도시설계 연구**. *Guest lecture, Seoul National University.*
- **Gukhwa Jang** (2025). Advanced Urban Environment Analysis and Data Visualization. *Guest lecture, Seoul National University.*
- **Gukhwa Jang** (2024). Microclimate Simulation (ENVI-met). *Invited seminar, Gyeonggi Research Institute, Suwon, South Korea.*

CONFERENCE PRESENTATIONS (INTERNATIONAL)

First author / presenter unless marked "team". 10 domestic presentations (KOSERT, KSEE, KILA) available on request.

- (2026). Climate-trapped populations in seoul's flood-prone semi-basement housing. *[Poster] The 62nd IFLA World Congress, Hong Kong.*
- (2026). How does climate risk reshape neighborhoods? climate gentrification. *[Poster] The World Planning Schools Congress (WPSC), Helsinki, Finland.*
- (2025). A new framework for urban heat island management: assessing the impact of industrial complex-microclimate zones (ic-mcz) on urban heat islands. *[Poster] AGU 25, New Orleans, USA.*
- (2025). Strategies for managing vacant lots and enhancing thermal comfort in shrinking cities. *[Oral] The International Making Cities Livable (IMCL), Potsdam, Germany.*
- (2024). Assessing the applicability of UAV thermal drones for urban microclimate evaluation. *[Poster] Ecological Society of America (ESA), Long Beach, USA.*
- (2024). The health inequality in shrinking cities: the effects of urban shrinkage on excess deaths during the covid-19 pandemic. *[Poster] AESOP, Paris, France.*
- (2024). Urban green infrastructure planning for urban microclimate. *[Oral] NEOCITY EPOWERMENT FORUM 2024 (NEF), Florida, USA.*
- (2023). The challenge of shrinking cities: a cross-city comparative study. *[Oral] The 59th International Making Cities Livable (IMCL), Dorchester, UK.*
- (2022). The evaluation of heat-mitigation strategies on outdoor heat stress in the waterfront public spaces. *[Oral] The 29th International Seminar on Urban Form (ISUF), Online.*
- (2021). Investigating the effects of urban structures on urban heat stress in shrinking cities. *[Oral] The 28th International Seminar on Urban Form (ISUF), Online.*

- (2020). How do different planning approaches affect heat stress in shrinking cities?. *[Oral] The 14th International Association for China Planning (IACP), Online.*

RESEARCH PROJECTS

National R&D and municipal projects (newest first). Budget = total project funding (national R&D).

Climate Gentrification: Climate Inequality and the Human Rights Crisis
2025 — Present · *Seoul National University* · ***Role: Principal Investigator*** · *PI: Gukhwa Jang*

폭염 취약지역 지원을 위한 기상사회경제 융합 폭염정보 개발
2025 · *Gwangju Regional Office of Meteorology* · ***Role: Research Assistant***

Development of a Spatial Model for Improving Thermal Comfort in Aging Industrial Complexes
2024 — Present · *Seoul National University* · ***Role: Principal Investigator*** · *PI: Gukhwa Jang*

Development of climate change response spatial model utilizing vacant lots in shrinking cities
2023 — 2024 · *Seoul National University* · ***Role: Principal Investigator*** · *PI: Gukhwa Jang*

디지털트윈 시뮬레이션 기술 기반 스마트시티 통합 설계 솔루션 개발
2021 — 2023 · ***Role: Researcher***

Palliative planning and shrinking-smart model for declined areas associated with a super-aged, low fertility society
2020 — 2023 · ***Role: Researcher*** · *PI: Saehoon Kim*

Inception Report for Utilizing Korean Support and Partnerships for Green Growth in FCV
2020 · ***Role: Researcher*** · *PI: Saehoon Kim*

BK21 3단계, 4단계 플러스사업
2019 — 2023 · ***Role: Researcher***

노인의료복지시설 화재안전 실태조사 및 개선방안 연구
2018 · ***Role: Research Assistant***

지속가능한 따복공동체 마을공유공간 활성화 방안 연구
2016 · ***Role: Principal Investigator*** · *PI: Gukhwa Jang*

야외전시장 재배치 및 다목적 컨벤션센터 기본 개념 수립
2016 · ***Role: Research Assistant***

안산시 고잔1동 오픈스페이스 개선 방안에 관한 연구
2015 · ***Role: Researcher***

쇠퇴하는 저층주거 에너지 빈공층의 환경개선과 복합용도개발 유도 모델
2015 — 2017 · ***Role: Research Assistant***

AWARDS & HONORS

Awards

Prize, Data Visualization and Idea Contest on Public Safety in Suwon City — LH COMPAS 2021

2020

Prize, The 13th National Exhibition of Korean Landscape Architecture — The Korean Institute of Landscape Architecture 2016

Prize for Excellence, The 11th National Exhibition of Korean Landscape Architecture — The Korean Institute of Landscape Architecture 2014

Prize for Excellence, Capstone Design Contest — Kyungpook National University 2014

Grand Prize, Graduation Exhibition — Kyungpook National University 2014

Prize, The 10th National Exhibition of Korean Landscape Architecture — The Korean Institute of Landscape Architecture 2013

TEACHING EXPERIENCE

6 university courses · 6 invited lectures and workshops.

University Courses

- Research Methods in Urban Landscape Architecture (3 credits), Sungkyunkwan University
  Co-instructor: Myungjin Shin, Ph.D. Taught quantitative research methods in landscape architecture, with a focus on research design, variable specification, data collection, and statistical analysis for Master's and Ph.D. students
  Spring 2026
- Smart City Seminar on Industrial Technology (Smart Urban Planning in Response to Climate Change) (3 credits), Seoul National University
  Taught the fundamentals of urban microclimate and applied spatial analysis through QGIS and ENVI-met simulations for graduate students (Master's and Ph.D. levels) Spring 2025
- Understanding and Application of Spatial Information (3 credits), Incheon National University
  Taught urban data interpretation and spatial analysis using QGIS to support urban research Fall 2023
- Survey and Data Analysis for Social Science 2 (3 credits), The University of Suwon
  Taught basic statistical concepts and applied analysis using R for social science research, designed for second-year undergraduate students in urban real estate studies Fall 2023
- Survey and Data Analysis for Social Science 1 (3 credits), The University of Suwon
  Taught the fundamentals of social science data analysis and hands-on exercises using R for second-year undergraduate students in urban real estate studies Spring 2023
- Statistics (3 credits), The University of Suwon
  Taught fundamental statistical principles for first-year students in urban real estate Spring 2023

Invited Lectures & Workshops (6 sessions, 2024 — 2025)

- Microclimate Simulation (ENVI-met), Pusan National University Dec 2025
- Microclimate Simulation (ENVI-met), Pusan National University Jun 2025
- Microclimate Simulation (ENVI-met) day 1–3, Korea University Apr 2024

PROFESSIONAL EXPERIENCE

Lecturer Sungkyunkwan University 2026 — Present

Lecturer College of Engineering, Seoul National University 2025 — Present

Lecturer Division of Architecture & Urban Design, Incheon National University 2023 — 2024

Visiting Professor Division of Architecture for Urban Planning & Real Estate Development, College of Engineering, University of Suwon 2023 — 2024
